Notice Extraordinary!
WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $60,000, in 1856.
All orders for matches promptly filled.

VOLUME XIV. MILWAUKEE DAILY SENTINEL, THURSDAY MORNING, MAY 7, 1857. NEW SERIES.

THE DAILY SENTINEL,
RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:

Thursday Morning, May 7.

Later from Europe.

The *Europa*, with four days later dates from Europe, arrived at Halifax yesterday. A pretty full synopsis of her news will be found under the telegraph head. The leading features are: increased firmness in Breadstuffs; a more stringent money market; peaceful indications on the Continent; apprehended disturbances in Spain, and some further details of Eastern news.

Rise in Breadstuffs.

As will be seen by our Market Report, Breadstuffs continue to advance, with moderate receipts from the country and large sales. The rise has been large and rapid. Two weeks ago Flour was slow of sale at $4,50a$5,00 and club Wheat at 90a95 cents. Yesterday Flour was active and in demand at $5,50a$6,00 and the Market was swept of all the Club Wheat offering, at $1,20. Other Grains have sympathised in this rapid advance.

Various hypotheses are offered to account for the rise. The decline in freights, and the fears of damage to the next crop have had something to do with it; but the chief cause, we suspect, is the short supply of Wheat and Flour on the Atlantic sea-board and in many of the Eastern and Middle States. This fact, which is well established, will probably keep prices up to, and even above their present mark, till the character of the next harvest is definitely ascertained.

The rise has come in good time to save our Produce dealers from apprehended loss and to stimulate our Farmers to sow an increased amount of land to spring grains.

The News and Adopted Citizens.

The *News*, joint organ of the Sam and Sham "Holy Alliance," continues its spasmodic efforts to win back those of our adopted citizens (and their name is legion,) who have cut the acquaintance of *bogus* Democracy, by malignant misrepresentations of the doctrines and practice of the Republican party. For this purpose it singles out and wilfully misstates the recent action of Connecticut and Massachusetts, and seeks to hold Republicans everywhere resposible for what their political brethren have done there. But the *News* will find its labor vain and its falsehoods fruitless. We have expressed, in the first place, its deliberate misrepresentations of what it styles the "blue laws" of the States named, and we have shown that the amendments to their Constitutions apply equally to native and to foreign born citizens. We have shown, secondly, that the "fusion" of Sam and Sham, of proscriptive Know Nothingism and spurious Democracy, in the U. S. Senate, in the *bogus* Legislature of Kansas and elsewhere, has effectually striven to deprive Foreign-born electors of the Right of Suffrage, and upon the sole ground that they were favorable to Freedom. And we have proved, in the third place, that all through the North West the Republibans stand upon the National Platform of their party which denounces *all* proscription for birth, color, or creed's sake, and which holds to the doctrine and practice that ALL MEN, come from where they will, or profess what faith they may, who adopt this Republic as their home, are entitled to equal rights, privileges and immunities. Against these facts the *News* will rail in vain; and so long as the Republican Party adheres to its creed and perseveres in its mission, our adopted citizens will cling to its Standard and aid it in the good work of effectually overthrowing Proscriptive Know Nothingism and Pro-Slavery Democracy.

THE THROUGH ROUTE ACROSS THE LAKE.—The vast advantages which the through route east and west, *via* the Detroit & Milwaukee R. R., and the steamers across the lake, must possess over all others, are attracting the notice of eastern people. The New York *Herald* of a late date says:

Upon the completion of the Detroit and Grand Haven road a steam ferry will be established across the lake between Grand Haven and Milwaukee, and all the through business to and from Wisconsin, and the whole of that immense territory north and west of Chicago will take that route. This will be a very important line, as it will save nearly one hundred miles of travel to reach Milwaukee and all that section, from the east. This is a very important movement for Milwaukee and the entire northwest; and all the arrangements for making this the route to and from the Upper Mississippi country have been so quietly made that the great railroad interests about being affected hardly begin to realize the changes it will produce in the channels of traffic and travel. We shall have in this new route a powerful competitor to all the old roads now dividing the through western business.

No one, who is willing to be convinced, can doubt the correctness of the view above taken. A glance at the map will show that for the whole region of country lying north of the line running southwestwardly from Kenosha to Savanna, on the Mississippi, with the vast and already populous, and rapidly growing country west of the Mississippi, embracing the State of Wisconsin, part of Illinois, most of Iowa, and all of Minnesota, and containing a population of not less than 2,500,000, by the coming autumn, the Grand Haven Route will be absolutely the shortest and quickest to and from the sea-board. Somehow, it seems as if our Detroit friends did not realize the importance of this route as we do. Push on, gentlemen! A "great west" over here is anxiously waiting to greet you.

THE RUMORED INDIAN RISING IN IOWA.—The *American* of yesterday copies the same contradiction which was published in the *Sentinel*, of the rumored Indian troubles in Iowa, and adds this comment:

This is the same account which the *Sentinel* gave its readers yesterday. No other paper had the news.

This is both untrue and discourteous. The "account which the *Sentinel* gave its readers" was copied from and credited to, the Missouri *Democrat*, and quite a number of other papers published the "news."

LAND AGENTS AT TOPEKA.—We observe from an advertisement in the Kansas *Tribune*, that Messrs. E. G. Ross and E. C. Sackett, both of whom have been Foremen in the *Sentinel* Office, have associated themselves together as Conveyancers and Land Agents, at Topeka, Kansas.—They will attend to the purchase and sale of Real Estate, locating of Land Warrants, Collections, &c. We commend the firm to such of our readers as may have business in that quarter.

NEWSPAPER CHANGE.—JAMES KERR PROUDFIT, has disposed of his interest in the Madison *Argus and Democrat* to GEORGE WEBB, who, with E. A. CALKINS, will carry on the publication of the paper. Messrs. PROUDFIT & CALKINS, in announcing the dissolution of their old partnership, pay each other a number of flattering, but no doubt sincere, compliments. The *Argus*, aside from politics, is an enterprising, able and valuable newspaper.

RAILROAD WORK COMMENCED AT MADISON.—The Madison *Journal* of day before yesterday says that a large number of men have commenced work on the Land Grant La Crosse R. R. to connect that place with Portage City.

The work upon the Watertown and Madison R. R., within the city limits, had also been commenced in earnest.

ILLINOIS CANAL ALL RIGHT.—A despatch to the Chicago papers of yesterday says that the break in the Illinois Canal, at La Salle, has been repaired and that boats can pass through without detention.

MONEY FOUND AT MONTREAL.—A pocket book containing several thousand dollars in American bills and supposed to have been dropped by some American on his way to the cars, was found in Montreal on the 18th ult. An owner is wanted for the money.

Postage to Great Britain and the British Provinces.

To Great Britain and Ireland, the letter postage is 24 cents, (unless from the Pacific coast, when 5 cents is added.) Either the *whole* postage or *none* should be paid, as a partial payment is a loss to the sender.

Newspapers 2 cents each, prepaid. Pamphlets and periodicals 2 cents each, it not weighing over two ounces, and 4 cents an ounce or fraction of an ounce, if they exceed two ounces, to be collected in all cases in the United States. All such printed matter is subject to like additional charges in Great Britain, each country collecting its own postage on printed matter, whether the same is sent or received. No pamphlet can be sent weighing over eight ounces, and no periodical over sixteen ounces. Neither pamphlets nor periodicals are entitled to conveyance through England, except such are addressed to France, Algeria, or cities of Turkey, Syria and Egypt in which France has Post Offices.

To the British Provinces;

Letters pay 10 cents when not over 3000 miles from the frontier, and 15 cents when over 3000 miles. Pre-payment is optional.

U. S. newspapers sent to regular subscribers are charged with the regular United States postage to and from the line. Editors, however, may exchange free of expense.

Letters received from Canada, to which are affixed United States postage stamps of sufficient value to prepay the full postage chargable thereon, should be delivered without charge by the United States offices.

STRYCHNINE IN WHISKEY.—No wonder that whiskey kills people. The Ohio Legislature has found it necessary to pass a law which makes it a State prison offence to use strychnine in the manufacture of whiskey. By the use of a certain quantity of this poison, mixed with tobacco juice, every bushel of grain is made to produce five gallons of whiskey, while with an honest distillation the product is only half that amount.—It was the drainage from these strychnine distilleries that killed their hogs, causing the hitherto mysterious disease known as the hog cholera.—Fish have also been killed in the Sciota river at Chillicothe, by the drainage from distilleries in which this delightful beverage is prepared. A chemist says a barrel of it contains strychnine enough to kill thirty men.

THE AMERICAN RACERS IN ENGLAND.—The first race to come off in which Mr. Ten Broeck's racers are engaged, is the Stewards' Plate at Stockbridge, on the 25th of June, for which Prioress is entered. Prioress is also entered for the Champagne Stakes, at Brighton, Aug. 6th. Mr. Ten Broeck has entered his two year old filly, Belle, for eight meetings, this and next season. The entrees for Ascot and Goodwood, where, says *Porter's Spirit*, "American horses should and must throw down the gauntlet to the English turf," have not yet been made.

MARINE LOSSES FOR APRIL.—There were 58 ocean vessels lost in April, valued at $1,646,700, most of them American. The total losses for 1857 have been as follows:

January	$3,552,700
February	1,668,600
March	1,293,600
April	1,636,700
Total for four months	$8,161,600

THE COMMERCE OF OSHKOSH.—The Oshkosh *Courier* says that six years ago there was but one boat upon Lake Winnebago and the rivers connecting therewith. Now it furnishes the following list, which is not complete:

Of the vessels owned and controlled here are the steamers

	Capt.
Oshkosh City,	Truesdell.
Queen City,	" Geo. Pock.
Peytona,	" Jack Lapham.
Eureka,	" Drummond.
W. A. Knapp,	" Morley.
Pearl,	" Sherwood.
The Steam Tugs,	
Active,	" Johnson.
Winnebago,	" Garret.
Lively,	" McAllester.
Ajax,	" Whitcomb.
The Schooners	
Merchant,	" Markham.
Trader,	" Smith.
And the Sloop	
Purchase,	" Curtis.

Besides these there are the Steamers Berlin City, Capt. Woodruff, owned at Berlin, and running regularly between Berlin and this city, and the Menomonee, Captain Hotalling, owned at Fond du Lac and intended for the Wolf River trade. The Improvement Company own several steamboats, including the Morgan L. Martin, Aquila, Appleton Belle, and Pioneer, which will make regularly trips between this city and Green Bay, and are intended for the freighting business of the Company.

LUMBER ON THE MISSISSIPPI.—The St. Paul *Minnesotian* says that the saw mills at St. Anthony will have no sawed lumber to send down the river this spring, the home demand requiring all that they can make. It adds:

Here in St. Paul, a dozen whizzing saws will work night and day to supply the demand for our own buildings. Last season, the mills then running could not do it; and certainly this season, the demand will be one hundred per cent. greater. Then every village and town site along the whole river has one or more saw mills, which must supply the surrounding country for miles. All this absorbs much of the lumber which otherwise would go to market below. And if a less supply than usual should be carried there from the Upper Mississippi, it should be understood to arise from the unusual demand in the flourishing cities above, rather than a scant supply from the Pineries.

BADAX COUNTY.—The Western *Times*, published at Viroqua, Badax County, thus sets forth the attractions of that young and promising County:

Badax County has water power enough to carry all the necessary machinery of the State for the next 100 years if properly improved.—We have thousands upon thousands of acres of the very best Wheat, Corn and Sugar Cane, Oat, Potato and Grass Lands, and thousands of millions of feet of the best lumber in the State, awaiting occupants and strong willing hands.—We have beautiful clear springs of nectar drink, "prepared by God for man," and a pure healthy climate as can be found in the World. Land is cheap and good crops easily raised, and the centre of the County is only 40 miles from the Milwaukee and Mississippi R. R., and a R. R. thro' the west end of the County is to be commenced this season, and another one from Muscoda through Viroqua to La Crosse, will be commenced next spring.

THE CASE OF MRS. BENTLY, THE PEDESTRIAN.—We have been furnished with the following statistics relative to the unfortunate experiment of Mrs. Bently, in trying to raise money for her own and children's support, by walking for 30 consecutive hours on Monday and Tuesday last:

Expenses incurred for use of Tabernacle	$125
Band inside, $125; music outside, $12	137
Printing $60; posters $7; ticket seller $10	77
Other contingent expenses	10
Total expenses	$349
Total amount of receipts	113
Loss	$236

Besides a week's time to recruit her health.—*N. Y. Tribune.*

Bad balance on the wrong side. The business seems to pay, however. Probably, as was the case here, none of the "expenses" are really paid,

Menasha & Manitowoc Rail Road.

It gives us pleasure to learn that the work on this end of this imprtant project is to be immediately resumed under the control of Messrs. HENRY HEWIT & Co. of Menasha, who have taken the contract to complete the road, ready for the iron, as far as the "Military Road" (11 miles) before the 1st day of September next; at which time Messrs. BARKER & HOES the contracters, expect to have the remainder of the work completed from thence to Manitowoc. We congratulate the Company and the contracters, Messrs. B. & H. on their good fortune in having secured the cooperation of so competent and efficient men, in hastening the completion of the Road.—*Conservator, April 30th.*

☞ We learn that the *Oshkosh City* and *Pearl* got over to Fond du Lac yesterday, and together with the *Menomonee*, started back and all loaded with passengers that have been waiting for the lake to open. The wind having changed during the night, drove the ice back on the west shore, and they are all blockaded at Long Point. There is no probability of the wind changing before to-morrow, and the boats will have to remain there. JUDGE GORSLINE is on board the *Oshkosh City* and without he gets ashore and comes by land, Court will not organize until sometime to-morrow.—*Oshkosh Courier, May 4.*

Brutal Murder!

Just as we were going to press on Saturday afternoon, we learned that a murder had been committed about five miles north-west from this village, on the Stevens Point road. A man suspected of being connected with the murder was brought in as a prisoner. A number of our citizens at once repaired to the place where the murder had been committed. The body was found about twenty rods from the road; the head was about half severed from the body, evidently done with some sharp instrument. A razor handle, broken, was lying near, also a pistol, the stock of which was broken. There had been some half a dozen blows on the head, done with the pistol. The pockets had been rifled of their contents. A silver watch-chain was about the neck, but the watch was gone. Upon the body was found a belt containing $390 in gold. Papers upon the person show that his name was Dennis Drew; that he has resided at Edgerton, Williams Co., Ohio, and has friends at Hudson, Michigan. The man arrested gives his name as Edward Walsh; has resided for some six months past in Milwaukee, and has a family at Bridgeport, Conn.

It appears that Walsh and Drew staid at Banning's hotel, in Oasis, the night before, and left there in the morning, coming towards Wautoma. About three hours after Walsh returned, having several wounds inflicted upon his person, and reported that himself and comrade had been attacked by three persons who came upon them, and knocked him down with an axe; that one of the persons fell upon him while down and they had a "tussel" together for some three to five minutes, when he was left alone. Upon getting up there was no one in sight, and he was unable to give any account of his comrade.

A party of men immediately left in search of Drew, and found the body as already described. Circumstantial evidence made Walsh's story appear improbable, and he was arrested, and will be examined on Monday.—*Wautoma Journal, May 2.*

This is the murder which was mentioned in the *Sentinel* of Tuesday morning, tho' it was spoken of, through misapprehension, as having been committed in the vicinity of Watertown, instead of Wautoma.

Provisions for Safety of Life in Case of Fire.

The Detroit *Free Press* in a notice of the steamboat *Mississippi*, of the North Shore Line, after speaking of the usual safe guards against fire, such as a great number of buckets, pumps, &c., says:

Another excellent arrangement, and one which should in our opinion, be adopted by all steamboats, is the apportionment of the crew into boat's crews, in man-of-war style, each crew having a captain and its own boat, so that in time of accident the small boats are manned in a moment and without confusion. These crews are eight in number. Added to these precautions, are several hundred cork life-preservers, the only sure, and at all times reliable, life preserver in use.

Hurrah for the First Boat!

Lake Pepin has finally lifted her ice embargo from the fleet of steamboats that have been waiting below, and permitted to come through and enliven the up-country with their welcome presence, distributing trade, bringing old friends and new among us, and causing a thrift and activity where dulness has reigned for a fortnight supreme over the winter-worn, exhausted avocations and pockets of our inhabitants. Once more huge piles of merchandise rise on the levee, the merchants distribute the fresh supplies of goods at prices remarkably low; new settlers are coming in to town and country, buying farms or town property; and one will now have a small amount, at least, of the circulating medium.—Hurrah for the steamboats!

The first boat up was the Galena, Thursday night. She passed here at 10 o'clock P. M., without stopping, but blowed her whistle good and strong, and all hands aboard saluted the city with cheers and other jubilant demonstrations. The War Eagle was only about *three minutes time* behind her, gliding along with head down and feathers tucked, not wasting steam enough to give us a saluting and whistle, went by in the darkness, silent as a ghost—both boats straining every muscle to beat each other in the race for St. Paul, and to reach there by midnight.

During the night the following boats came up in the order—all having literally picked their way through the floating ice in Lake Pepin:—Galena, 10, P. M., War Eagle, Rescue, Red Wing, Time and Tide, Montauk, Golden State, Cremona, Harmona.

P. S. The Galena arrived at St. Paul some time ahead of the War Eagle.—*Prescott (Pierce Co) Transcript, May 4.*

The Kansas Census.

The practical workings of the census laws are beginning to be manifest. The time is long past, when the returns were to have been completed, yet there are several counties in which no pretence whatever has been made of enumerating the population. Even in Leavenworth county, where the pro-slavery men have claimed a majority, there are Free State settlements which have not even been visited by the census officers. On the Shawnee Reservation, however, where *there cannot be a single legal voter*, as *the lands are not open to settlement*, but where hundreds of Missourians have pretended to take up claims, there are said to be *three thousand* voters listed. Yet Mr. Secretary Stanton declares it as his determination to enforce the Registry Law and acknowledge the legality of the Convention to be called under it. The "pacification" of Kansas will progress slowly under such auspices.—*Topeka Tribune.*

St. Croix Lake Open—The Weather—Increase of Population—The Lumber Trade.

HUDSON, Wis., April 30.

St. Croix Lake is now open at this place, and we expect boats up this week, as several are below Lake Pepin. We are anxious to hail the first boat, as Jack Frost has kept us a close prisoner for a long time. The last two weeks the weather has been quite mild, and many are making their gardens. A few snow-drifts are to be seen, but it is disappearing very fast. There are many strangers here thus early, nearly all of whom will make this place their home. The prospects are that we shall have a large increase in population and wealth. I hear of five steam saw mills to be built here this season; two are now under way and the machine for another will be here this week. An old lumberman informs me that at least 88,000,000 feet of logs will be brought down into this lake this spring, as the prospects are good for driving them in.

HUDSON.

THE SMALLEST STEAMBOAT WE EVER SAW.—The smallest boat, perhaps, ever built has arrived. She came to St. Louis wharf some time on Thursday night—remained all yesterday—and is so small that we doubt whether a dozen persons, altogether noticed her at the landing. She was completely overshaded by her larger neighbors. She is so small, that were she a living thing, we would have supposed she was hatched from an egg within the week. The name of this steamer is the J. Bissell, and she is from the head waters of the Ohio. She accomplished the trip in less than one month, never running during the night, and slackening her lightning-like speed at every dangerous place. This wonderous steamer's crew including captain, mates, pilots, engineers, clerks, cabin boys, stewards, cooks, and chambermaid, consisted of three men and one boy. The Bissel's dimensions are the following: length over all, 90 feet; beam, 13 feet; hold 2½ feet. She draws 9 inches light; has one boiler, an 7 inch cylinder, with two feet stroke, and is four months old. Ere this she probably left for St. Paul, between which, and a place called Minneapolis, she is destined to be a regular packet. Although she has but one boiler, one engine, one general eating, sleeping, cooking and writing apartment, this steamer has two chimneys, which really impart to her a business-like appearance.

While on board, we could see that Capt. Hart and his crew of two men and one boy where as happy and proud as if their boat was the largest and finest on the river.—*St. Louis Democrat.*

☞ The beautiful steamer *Appleton Belle*—(so named in honor of the flourishing city of Appleton)—Capt. J. Nixon, arrived at this place from Pittsburgh, via Nashville, Tennessee, on Friday evening last. She will remain here a short time, being detained by the unfinished lock at McNiel's Mill. This boat is designed to form one of a line of steamers to ply between Green Bay and Fond du Lac. She was built for the owners Messrs. Nixon, Cotton & Co., at Pittsburg the past winter, and is as beautiful a specimen of mechanism as is often found afloat on our western waters, far exceeding anything now running on Lake Winnebago. Under the excellent management of Capt. Nixon, she will undoubtedly be the favorite of the travelling public on her route. She is 134 feet in length with 25 feet beam, draws about 20 inches of water, and is modeled after the river steamers, with a stern wheel.—*Portage City Record* May 5.

GRADING AT MANCHESTER.—Messrs. COXE & GILL of Waukesha, the contractors for ten miles grading of the Milwaukee & Superior Railroad, are prosecuting the work at Manchester in a very creditable manner. Nearly two miles of the heaviest grades through that town and village is ready for rail. The people of Manchester confidently expect a "ride on a rail" to Milwaukee by the first of September. We hope they will not come short of their expectations.—*Ozaukee Advertiser.*

Laws of Wisconsin.

AN ACT for the relief of active members of Fire Companies in the City of Milwaukee.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION. 1. That every active fireman, who shall belong to any regularly organized fire company in the City of Milwaukee, whose property, whether real or personal, shall be hereafter taxed, shall be entitled to receive from the Foreman and Secretary of the Company to which he belongs, a certificate that he is an active member of such Company; and such fireman, upon presentation of such certificate to the City Clerk of the City of Milwaukee shall receive from said Clerk an order on the Treasurer of said city, requiring the said Treasurer, on receipt of said order, to cancel the general city taxes assessed upon one thousand dollars in value, of the real and personal property of such fireman.

SEC. 2. The Treasurer upon presentation of such order shall receive the same in payment of the city taxes of the fireman, for whose benefit such order is issued, assessed upon one thousand dollars worth of real and personal property of such fireman which shall be taxed, and if such fireman shall have less than one thousand dollars worth of real and personal property which shall be taxed, then said Treasurer shall receive such order in payment for the general city taxes assessed upon the amount of property of the said fireman which shall be taxed. But such certificate shall not be receivable in payment of any special taxes, or assessments.

SEC. 3. The orders issued by the City Clerk as herein provided, shall be issued to the fireman entitled to the same by the certificate of the Foreman and Secretary of the Company to which he belongs and shall not be transferable, nor used in payment of any taxes, except the city order taxes assessed to the fireman to whom such order is issued, and the same shall be void in the possession of any person other than the fireman who is lawfully entitled thereto.

SEC. 4. No fire company in the City of Milwaukee shall be allowed more than seventy members, and any Foreman and Secretary of any fire company, who shall sign a certificate as herein provided for any person who is not an active member of such company shall be fined fifty dollars each, for each offence, and if such Foreman and Secretary shall sign and issue such certificates to more than seventy members in any one year, they shall be subject to a fine of fifty dollars each for each certificate over seventy, which they shall issue; such fines shall be collected in such manner as the Common Council of the City of Milwaukee shall direct, and when collected, shall be paid into the City Treasury and applied to the support of the poor of the City of Milwaukee.

SEC. 5. This act shall take effect from its publication.

WYMAN SPOONER,
Speaker of the Assembly.
ARTHUR McARTHUR,
Lt. Gov. and Prest. Senate.

Approved March 5th, 1857.

AN ACT allowing damage in the case of death caused by wilfulness or negligence.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SEC. 1. That whenever the death of a person shall be caused by a wrongful act, neglect or default, and the act, neglect or default is such as would (if the death had not ensued) have entitled the party injured to maintain an action, and recover damage in respect thereof; then and in every such case the person who, or the corporation which would have been liable, if death had not ensued, shall be liable to an action for damages, notwithstanding the death of the person injured, and although the death may have been occasioned under such circumstances as constitute an indictable offence; Provided that such action shall be brought for a death caused in this State, and in some court established by the constitution and laws of the same.

SEC. 2. Every such action shall be brought by and in the name of the personal representative of such deceased person; and the amount recovered shall belong, and be paid over to husband or widow of such deceased person, if such relative survive him or her; but if no husband or widow survive the deceased, the amount recovered shall be paid over to his or her lineal descendants, and to his or her lineal ancestors in default of such descendants; and in every such action the jury may give such damages not exceeding $5,000 as they shall deem fair and just in reference to the pecuniary injury resulting from such death to the relatives of the deceased specified in this section: Provided every such action shall be commenced within two years after the death of such deceased person.

Approved March 6, 1857.

By Mil. & Horicon R. R.—779 bus wheat, 117 bus potatoes, 1275 lbs hides, 1500 lbs sundries.

FREIGHTS—declined considerably. We cannot quote rates for wheat to Buffalo at over 4½ to 5c, shippers unwilling to pay over 4 1-2—flour 25c to Buffalo, and contracts are being made on flour to New York *via* the N. Y. Central Rail Road at 85c. To Oswego, wheat is taken at 5 cents.

Sales yesterday of 1,000 bbls best spring wheat flour at 6,00, for Boston. Advices from that city show a rising market, and stocks are low both there and at New York. Large quantities of flour will be thrown upon both markets very soon, however, and dealers will doubtless be cautious.

WHEAT—still advancing, and business active. Club spring sold quick at depots at 1,18a1,20, all the receipts at the La Crosse depot being taken at 1,20 for shipment. Winter scarce and wanted at 1,30a1,35, and more would be paid for prime lots. Two cargoes spring afloat sold, delivered at Oswego, at 1,25 and 1,29.

CORN—active local demand at 65a70.

POTATOES—much wanted—parties from Watertown were here yesterday to buy—sales at $7 1-2a1,00.

PORK—stock of mess running low—we quote still at $24 for small lots, with upward tendency.

HIDES—7a8 1-2 for green—16a18 for dry.

HAY—wanted—selling at $20a$30, according to quality.

GRAIN—Wheat firm. Sales 9000 bu Milwaukee club at $1 55, and a rumored sale of choice white at $1 60, but we did not trace it. Corn is spoken of by sellers at 70c for cargoes, on the opening. Buyers not up to the figure. Oats without change. Sales in lots of 1000 bu and upwards at 65a66c. Rye very firm. Sales 500 bu at $1,00.—*Buff Com May 4.*

Marine Intelligence.

THE ICE—LAKE OPENING.—For two or three days easterly winds have mostly prevailed, and a great deal of rain has fallen. During last night and to day, the wind has been quite strong. We learn that the ice is driven from the South Shore of the Lake, and that an opening extends 14 or 16 miles up. It is the opinion of our lake forwarders, that navigation will speedily open. The propeller Chicago, we are told by Capt. Hathaway, will sail to-day for Chicago, and he thinks will go through.—*Buffalo Commercial*, May 4.

THE STRAITS CLEAR OF ICE.—The Northern Transportation Company's propeller *Wisconsin*, Capt. L. Hickey, arrived here on Sunday forenoon, from Milwaukee, bringing the United States mails from Mackinac—the first of the season. Although there is a great deal of ice between the Beavers and the Straits, she found the Straits entirely clear. This is good news for our lake carriers. The propeller is bound for Ogdensburgh with a cargo of provisions.—*Detroit Tribune, 4th.*

☞ The *Prairie State*, of the N. T. Co.'s Line, the second vessel bound down through the straits this season, passed here on Friday evening. Capt. McHenry reports much ice in and about the straits and says he experienced considerable difficulty in getting through. The straits are now fairly opened.—*Detroit Advertiser 4th.*

Weeks' Addition, Eighth Ward.

The tract of land in the Eighth Ward, South of Walker's Point Addition, purchased by Dr. WEEKS from ALEXANDER MITCHELL, has been surveyed, platted and brought into market. About eighty acres of this tract have been already laid out into City lots and men are now at work opening and grading the streets. It is intended that eight broad avenues shall traverse this tract, from North to South. These avenues will be seventy six feet wide, with twenty feet side walks, and two rows of trees the whole length of each side-walk. The lots are all 50 by 140 feet. The surface is gently undulating and the soil sandy; presenting, in this respect, a pleasant contrast to the clay soil which is found elsewhere in that neighborhood. The tract lies quite high and the drainage, in either direction, is thorough. A fine view of the Lake and of the city is obtained from many points in the tract, and very desirable locations for stores or dwellings can be selected in every part of it.

Driving over this addition yesterday, we were much struck with its adaptation to city purposes and with the rapid and steady growth of population and improvements in [illegible] direction. The site, soil, drainage and command[illegible] respect, all combine to render it a very attractive qu[illegible] of our thriving city. We were not surprized therefore, to find that lots there are already in request; that a number have been sold at remunerative and yet reasonable prices; and that buildings and improvements already begin to appear. We think that in less than a year a good proportion of the lots will have been sold and a hundred dwellings and stores erected. MILWAUKEE is but just beginning to grow, and Real Estate in Weeks' Addition, as in other quarters of our city, is bound to advance largely and rapidly. Mr. F. BEYER, the Agent of Dr. WEEKS, may be found on the ground every morning, ready to point out the lots, streets, &c., to persons desirous of purchasing and to give full information as to terms.

THE CITY BRIDGES.—At the last meeting of the Common Council, a petition was presented by Alderman O'Brien, signed by many citizens, praying the "City Fathers," to pass an ordinance, compelling all vessels that have occasion to pass through the bridges within the city limits, to employ steam tugs to bring them through. It was referred to the Committee on Bridges. We trust that the Common Council will act favorably upon this matter, for the necessity of such an ordinance is becoming more obvious every day. There is such an ordinance in force in the city of Chicago, and there is no valid reason why it should not be so here. It is the greatest public inconvenience we have (save the streets in the Fifth Ward !) and will be a lasting injury to our city, unless reformed. Almost everyday, the bridges are kept open from fifteen minutes to an hour, several times during the day, while vessels are working their way through against wind and current. Travellers coming through our city, are often delayed here a whole day by missing the cars, or the boat, by this intolerable inconvenience. It has been urged as an argument against such an ordinance that the city has no power to obstruct the navigable waters of the United States! The Courts have settled the law, that travelers have as much right to facilities for speedily crossing rivers as vessels have to traverse them; but this ordinance would not obstruct the navigation at all, but, on the contrary, would rather facilitate it. We hope that the Common Council will not overlook this matter, for it is becoming a more intolerable nuisance every day, and as the travel on the public thoroughfares increases, in the same ratio will this increase.

BADGER SAFES FOR CHICAGO.—We saw yesterday, at the Badger Safe Steam Works of Messrs. BERLINER & BRO., two monstrous safes, which they had just completed and were about to ship to Chicago. These safes are of the largest size, and are truly magnificent pieces of workmanship. Their interiors possess all the conveniences of a small office—pigeon holes, money drawers and drawers large enough to file away papers for at least two years, for a large business establishment. Three men, by stooping a little, might stand inside of one of them. They stand about seven and a half feet high from rollers to the top, and weigh about 5,000 lbs each, which is much less than any other safe of the same size manufactured. The Badger Safes are fast superceding those of eastern manufacture, where they are known. Most of the Banks and public buildings in this city and State provided with them, and were it not for a foolish prejudice which some eastern people have against anything manufactured in the West, there would doubtless be a large demand for them there. Messrs. BERLINER & BRO. commenced business here some years ago, in a little shop in the Fourth Ward, employing two hands, and by industry and the good work they have, in comparatively a short time, built up one of the largest establishments in our city, and now give employment to about fifty mechanics. They are clever business men, and we wish them all the success that their enterprise deserves.

NEARLY A FIRE.—At about a quarter before 7 o'clock yesterday morning the Pile driving machine in the river, back of WISE & Co.'s store, caught fire from the boiler, and in a few minutes was completely enveloped in flames, but as there was a crowd on hand in a very short time, and the water being so convenient, it was extinguished without doing much damage. Had the fire got the upper hand here, the adjacent buildings would certainly have taken fire also, and there is no knowing where it would have stopped. We learn that the fire was caused by the carelessness of the fireman; he left a large fire under the boiler while he went to breakfast, and closed a door which came directly against the end of the boiler, and took fire from the great heat.

THE NEWHALL HOUSE.—The work upon this fine building progresses rapidly. The fourth, fifth and sixth stories are all finished, except hanging the doors and blinds, and setting up the grates and basins. In the third story, the work is nearly as far advanced. The work of frescoing the walls of the dining rooms on the third or principal story, is being done, and the walls of the parlors and hall are nearly ready for the smooth finish. The stucco work is all ready to be put upon these walls. Workmen are busy in setting the ranges in the kitchen. The whole building is, in fact, alive with workmen, and we are confident that the 1st of July will witness the opening.

THE STEAMER PLANET.—This beautiful boat, belonging to the Lake Michigan Steamboat Company, which will run between this city and Chicago during the present season in connection with the steamer Traveller, will leave Johnson & Olmstead's dock this evening, at nine o'clock, for Chicago, touching at Racine and Kenosha. Mr. WILSON, ticket agent, informs us that these boats will run regularly hereafter, leaving this city at nine o'clock every evening.

Book Notices.

ARCTIC ADVENTURES, by Sea and Land; Edited by EPES SARGENT, Boston; PHILLIPS, SAMPSON & CO., publishers.

We are indebted to Messrs. STRICKLAND & Co., booksellers, for another copy of this valuable compilation, heretofore noticed in our columns. The extensive sale and perusal of Dr. KANE's very interesting account of his second voyage has excited a general interest in the subject, and this book, which commences with the first voyages of the Northmen, and follows down the long line of Arctic adventurers, including Cabot, Hudson, Davis, Baffin, the Russians, Mackenzie, Ross, Parry, Franklin, Back, Rae, Richardson, Kellett, Collinson, McClure, Belcher, Inglefield, Kane and Hartstein, to the discovery of the *Resolute* and her restoration to the British Government is heartily welcomed. The compiler has accomplished a good work in culling from the narratives of these explorers whatever is most interesting, and condensing it into a single volume, accessible to the many. Every district library should possess a copy of this book.

SWAIN'S POEMS; published by WHITTEMORE, NILES & HALL, Boston.

We are indebted to the publishers, through Messrs. WHITTEMORE & Co., of this city, for a beautiful duodecimo copy of these poems. A great many of them are familiar to American readers, being among the sweetest and pleasantest of the songs which are found floating about in our newspapers, often without credit, and we are glad to see the property of the English poet gathered into a comely book, where we can see them, and give him credit for his own.

BEATING HIS WIFE.—A man (?) named Ernst Wendelwurth, was brought before the Police Justice, yesterday afternoon, on a charge of committing assault and battery upon his "better half." He was convicted and sent to the County Jail for fifty days. We can hardly imagine how a man can be so cowardly and mean as to beat a defenceless woman, and more particularly one whom he has vowed to protect "for better or for worse," one who has placed all her confidence in him, and who should look to him for protection, instead of being obliged to get the law to protect her from him. The eloquent reformer, JOHN B. GOUGH, said in one of his lectures, "*If I saw a man running away from a woman*, I would say, GO IT OLD FELLOW, and I should consider him a good fellow, but the man who would raise his hand to strike a woman, is a *miserable, cowardly wretch, unworthy to to be called a man!*" So think we.

Vice President—GEO. LEFEVRE.
Secretary—A. ROSENTHAL.
Treasurer—CHAS. KUEFFER.
Musical Director—H. BALATKA.
First Manager—N. SIMON.
Second Manager—J. KERSTING.

The meeting then adjourned to meet on Tuesday evening next, to hear the report of the officers for the past year.

YOUNG MEN'S ASSOCIATION.—At the Annual Election of the Young Men's Association, held last evening, the following Officers were chosen for the ensuing year:

President.—J. B. BRIGHAM.
Vice President.—A. O. MAY.
Treasurer.—G. P. ILSLEY.
Secretary.—CHAS. A. NAZRO.
Directors.—I. A. Lapham, N. S. Donaldson, E. L. Buttrick, J. K. Bartlett, W. B. Freeman, W. H. Metcalf O. J. Cary.

LECTURE ON ITALY AND SPAIN.—Dr. Baird will deliver a lecture on this subject, this evening, at the North Presbyterian Church, with full accounts of the conquest of Italy in 1796, and subsequent year—the battle of Marengo, recent revolutions, etc., and the conquest of Spain by the French, their expulsion by Wellington, &c. This is the last lecture of Dr. Baird's historical course, and probably the last opportunity we shall have to hear him for many a day. All who have heard Dr. Baird speak in the highest terms of him, and there is no public lecturer who gives more general satisfaction than he. Don't lose this chance to hear him.

REAL ESTATE AT AUCTION.—It will be remembered that Messrs. Ogden & Wall will sell to-day at the City Land Office five beautiful lots, situated in the 4th Ward. They will be sold to the highest bidder for cash, as there is a payment due on the property which the owner is unable to meet. They will, therefore, be sold. This is an excellent opportunity to make a profitable investment in real estate. Messrs. O. & W., will also offer for sale two neat dwellings on Van Buren street, which will be sold on reasonable terms. These houses are situated in the most desirable part of the city for private dwellings. For particulars see their advertisement.

TO LOOKING GLASS AND PICTURE FRAME DEALERS.—We desire the attention of our readers to the advertisement of Robert Marcher, New York City. He is the *Patentee* for machinery for preparing and enameling mouldings for Looking Glasses, Picture Frames, &c., and is consequently enabled to furnish a much superior article at a lower price than those manufactured by the old process of hand labor. His mouldings are also warranted as made of the best seasoned lumber, kiln-dried at his own manufactory, a fact that our western dealers will appreciate. Mr. Marcher occupies a high position, and we would recommend our dealers to apply to him for pattern books, schedules of prices, &c., which will be furnished on application.

NEW BANKING & EXCHANGE OFFICE.—Messrs. BERTA & ROE, late of New York, are about opening a new Banking and Exchange Office at 210 East Water Street, now occupied by the Agency of the New York Central Rail Road. These gentlemen bring with them the best of testimonials and have abundant means and credit to do a large business. They will be prepared to buy and sell coin and Exchange; to purchase notes, bonds, mortgages, &c.; to make collections, and to sell Land Warrants. They hope to get their rooms ready for business by Monday next.

HURON ST. BRIDGE.—The work of preparing the approaches to this bridge is no small one, a large amount of filling being done on both sides of the river, and good cellars for storage are being made under the sidewalks on Huron St., the elevation of the grade admitting of it. This bridge will prove a great convenience to persons doing business about the Milwaukee & Mississippi, and Milwaukee and Watertown R. R. depots, in giving them readier access to the boats and Express offices.

INTERESTING TO FIREMEN.—The members of our Milwaukee Fire Department will find something of special interest to them, in the law we publish this morning, for the relief of active members of Fire Companies in this city. It exempts from taxation property, real or personal, to the amount of *One Thousand Dollars*, of every active and regularly enrolled Fireman. This is an equitable provision and ought to enable all our Fire Companies to fill up their ranks.

PROVOKING.—Stopping, in excellent humor, yesterday afternoon, on the South side of Walker's Pt. Bridge, to witness the interesting process of hauling the schooner *Emma* through by hand, the tug being three rods away and of course unavailable, we found in the crowd a friend chafing under his troubles. He had run himself lame in raising the money to pay a note due at the bank, and had but fifteen minutes left to get to the counter, when he found the bridge open! Aggravating —wasn't it?

CITY MISSIONS.—We are requested to state that the Rev. Mr. PESELUPE, one of the City Missionaries employed under the auspices of the Episcopal Church, will open the room on Tamarack Street, one door from West Water Street, for divine worship, on Sunday morning next. The services will be in the German language, and will commence at half-past 10 o'clock. Mr. PESELUPE, the Missionary, is an educated and accomplished man.

BOARDING.—We take pleasure in saying a word with reference to the advertisement headed "Boarding," referring to No. 334 Milwaukee St. The house is a pleasant one, conveniently located, and the lady who has charge of it is abundantly qualified for keeping a first-class boarding-house, as many who have found with her the comforts of a home for the past year can testify.

SHOW CASE MANUFACTORY.—We desire to call attention to the card of the Chicago Show Case Manufactory in another column. Messrs. Campbell & Co. are the only parties, outside of the city of New York, who manufacture Silver Show Cases, therefore, as all other manufacturers have either to send to them, or send to New York, it will save time and expense by sending your orders direct to them, who are prepared at all times to fit them.

FOR BUFFALO.—The propeller *Cuyahoga* will leave here for Buffalo at 8 o'clock this (Thursday) evening. For passage, or berths, apply to Griffin & Burns, Passenger Agents, foot of East Water Street.

REAL ESTATE AND MONEY BROKER.—Mr. HENRY WILD offers his services to the public as Real Estate and Money Broker, at 216 East Water Street, over the Marine Bank. See his card in to-day's paper.

DANCING.—Signor Marini opens his Dancing Academy in the room over No. 265 East Water Street.—Those who wish to improve themselves in the Terpsichorean Art, will do well to give his advertisement, which will be found in another column, a perusal.

THE PLANET.—This fine and fast steamer passed up the Lake on her way to Chicago, Tuesday, and will arrive here this morning. She will leave this port, for Chicago, to-night, from JOHNSON & OLMSTEAD's wharf in the river.

NORTH'S MAMMOTH CIRCUS.—The "big show" will arrive in our city to-day and exhibit on Spring Street, corner of Third, this and to-morrow afternoon and evening. Their advertisement and placards promise an unusual variety of attractive performances.

FOURTH WARD SCHOOL.—The improvements upon this building are nearly completed, and it presents a fine appearance, its lofty cupola towering up high on the west bank.

FINE ARTS.—Shakespeare and his cotemporaries at the Mermaid Club is the subject of a fine painting by JOHN FAED, an eminent Scottish artist. It contains portraits of fifteen eminent men, including Bacon, Raleigh, Ben Johnson, &c. This picture has recently been exhibited in Boston, New York, Philadelphia and Baltimore, from which place it comes to our city, and will be on exhibition next week at the store of S. P. Oldershaw from whom cards of admission may be obtained.—*Chicago Tribune, May 2.*

TELEGRAPH OFFICE.—The Telegraph Office is not yet removed to Cross' new block, but will be on Saturday next.

His son-in-law, Dr. Thomas Tilton will supply you with either personally, or by Express. My object is to make the City Auction Room a thorough business house. I am sorry that I have not a better Room for my business, but I hope in course of time to induce my old and worthy friend, Mr. Eldred, to erect, or let me do it, a Block of stores on the corner of Wisconsin and East Water streets which will go ahead of any we have now in our city, and I will of course try and keep the old corner. I will do my best where I now am, and will keep all Goods insured, it being the best stand for Auction business in this city. may2 CALEB WALL.

Great and Extensive Sale of Lots in
Portage City, Columbia Co., Wis.
TWO HUNDRED LOTS.
THIS CITY OF PORTAGE is a very desirable place, and holds out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve thousand. It is handsomely built up, and has all the conveniences and comforts that any other city in the West has. There are already two Banking Houses and several Exchange Offices there. The city, in a few months, will have its Gas and Water Works. It contains as fine brick store houses and dwelling houses as you will find in any Western city and its location and situation for business one can see at a glance on the maps. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have from three to four Railroads. The La Crosse Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and its prospects so flattering as Portage City, and I would say to all who have money to invest, and who are seeking a house, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The Lots which I am going to sell on June 12th, 13th and 15th, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of Lots in Portage City, if they will call on me I will give them all the information they want. The list of lots I will publish in a few days. They will be sold on very easy terms.

Great Sale of 150 Lots in
PLANKINTON'S ADDITION.
THE SUBSCRIBER will offer for sale, at Public Auction, on the ground, on May 26th, 1857, one hundred and fifty of these valuable lots, situated in the most healthy and desirable part of the Ninth Ward, lying high and dry, and commanding a fine view of the whole city and harbor. This property is rapidly increasing in value, owing to the number of improvements now in progress or recently completed in this Ward, such as the handsome German Cathedral on Cherry Street, &c., &c. As these lots are very nearly on the grade established by the city, the expenses of the grading will be very light, although they are sufficiently elevated to render the drainage perfect. The streets are now being run out and will probably be graded and the sidewalks built in the course of the coming summer. Maps of the addition will be furnished on the day of sale, describing the lots for sale, &c. The terms of sale are very easy, being one-fourth cash and the balance in three equal annual payments, with interest at the rate of seven per cent, per annum, ten per cent of the purchase money to be paid on day of sale. This is the last chance that will be given for persons to obtain any of these valuable lots at a low figure, as the balance will be withdrawn from market, immediately after this sale. The sale will commence precisely at 10 o'clock A. M., unless postponed on account of the weather. Omnibuses will run from the corner of East Water and Wisconsin Streets, on the day of sale, to convey persons to and from the ground, free of charge.

THREE P. M. REPORT.

Arrival of the steamship Europa.

HALIFAX, May 6.

The Royal steamship *Europa* arrived here this A. M. She left Liverpool on Saturday, the 25th ult. Her intelligence is therefore 3 days later than that received by the Indian. She will probably reach Boston, Thursday P. M. The news by this arrival presents several features of interest, both commercially and politically. It is said that the propositions submitted for the settlement of the long pending Neufchatel difficulty have been agreed to by the Prussian and Swiss envoys at Paris, subject to the approbation of their respective government.

The Earl of Elgin, the newly appointed British plenipotentiary to China, had left England for the scene of his labors.

Political interest in England was centered on the approaching meeting of the new Parliament.

In the Liverpool cotton market a dull tone prevailed, and holders were pressing the stocks on the market, and quotations were somewhat irregular for prices of all descriptions—particularly for lower and middling qualities, which were lower than at the departure of the Africa. The weeks business amounting to 45,000 bales. The market for breadstuffs, generally steady, and in some cases a tendency to advance was observable.

More About the Indians—Stanton's Reply to Kansas Citizens.

ST. LOUIS, May 5.

The Kansas City *Enterprise* of the 2d learns by a gentleman from the Plains that the Cheyennes had concentrated at the head waters of the Republican fork, with the determination to resist the attack of the troops. They made overtures to the Sioux for the assistance of the latter. The Cheyennes have a large supply of ammunition. A terrible battle was fought at Fremont Peak between the Snake and the Black feet. Two-third of the latter were killed.

The *Republican* publishes Stanton's reply to the letter of the citizens of Lawrence. He says he can do nothing which denies the authority and validity of the territorial laws. Respecting the Judges of Election he hopes the Probate Judge will appoint one Republican in favor of a Free State, and a Democrat in favor of a Slave State.

INSTRUCTION.

SALOM'S
MERCANTILE COLLEGE!
A Perpetual Ticket for $25 !

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.
The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.
These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.
The Surveying and Mathematical department is in progress during the day and evening.

MR. AND MRS. F. N. B. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.
Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.
The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.
Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.
Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.
The continued patronage of the public is respectfully solicited.

NO BLAZE! NO BURNT STEAKS!
No Smoky Kitchen !

ROBINSONS DOWNWARD DRAFT
GRID IRON.

"What though with lavish kindness
The Sirloin steaks are strewn,
Some Bridget in her blindness
Will cook them hard as stones."

The author of the above lines should purchase one of Robinson's Grid Irons, and the poor Bridget would have something on which she could cook a steak as it should be.

[From the Boston Advertiser.]

A good beef-steak, well cooked, so seldom appears in the line of most men's lives, that we think a very great advance has been made in civilization by the introduction of a new *gridiron*, which enables even a stupid attendant to cook a steak perfectly well. So great is the advance, that we gladly call to it the attention of our readers.
This new gridiron accomplishes three desiderata:
1. It saves all the gravy of the meat, none dropping into the fire.
2. It cooks the steak through, without burning the outside.
3. It prevents the passage of any smoke into the kitchen or house.
The grand result, as we are made certain by the judgment of many experts, as well as our own more fallible taste, is, that with less trouble, meat is broiled better than ever before.

E. & J. HOLMES'
IMPROVED
SEAMLESS WHALEBONE
SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

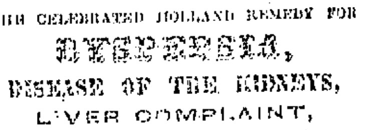
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on the strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.
NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
